2020

ABOUT ME

In my free time, I voluntarily collected garbage several times with the "You take it" program.

On weekends I often hike, tour the surrounding forests and enjoy visiting the hinds of Búbánatvölgy. I love and know mammals, birds, woody and herbaceous plants as well. I care a lot about my dog, Zsuzska. I love working as a team, but I can cope well with the challenges on my own.
